templemountsinai.com

Higher Meanings

Remember this Lecture Series?

TMS SPEAKER SERIES YIELDS JOURNAL ARTICLE!

Rabbi Zeidman, EPCC instructor Pat Barrientos, and UTEP professor Larry Lesser published in the current issue of Journal of Humanistic Mathematics (<https://scholarship.claremont.edu/jhm/vol12/iss2/18/>) an article on Temple Mount Sinai's innovative grant-funded religion-and-math series, whose speakers ranged from UTEP to the UK! If you missed the series, the article notes how to view the six archived sessions and related resources. Beyond the inherent distinctiveness of the topic, the article shares with the world information about TMS as well as the speakers that came from our community: David Novick, Larry Lesser, Vladik Kreinovich and Olga Kosheleva.
