Poetry + Math = A Meaningful Path

Wednesday, November 17

6:30 pm ET (New York)

([online](#))

Free to members!

MoMath welcomes Professor Larry Lesser for an evening of exploration combining math and language arts. Have pen and paper handy as we interactively explore examples of mathematical poetry and try making (and sharing) our own verses. In addition to being an award-winning Professor in the Department of Mathematical Sciences at The University of Texas at El Paso, Professor Lesser (hey, that rhymes!) is an award-winning poet/songwriter who has published 70 STEM-related poems and 100 STEM-related songs.
